Terms declared at and for any liabilities beyond, the Shareholders are INDIVIDUALLY RESPONSIBLE, even to the extent of their entire fortunes. SOUTHERN PROTECTION INSURANCE COMPANY, ALEXANDRIA, VIRGINIA. · CAPITAL OVER 350,000 DOLLARS,

AND CONSTANTLY INCREASING. The Charter of this Company offers more favoradeadvantages to the farmer and others, than any Company chartered in the State, by insuring with or without a premium note. If the applicant prefer, he can pay the full amount of the premium in each, or by effecting a each insurance for two me-eighth of the amount he would otherwise have to pay; or by becoming a member, and giving a small premium note, the insured saves nearly one-half of the amount charged by Stock Companies, when insuring from year to year. This is the advantage resulting from the

combination of the CASH AND MUTUAL PRINCIPLE. This Company commenced issuing Policies against loss or damage by fire, on the 13th day of March, 1854, since which time over seven thousand seven hundred persons have insured and become members of the Company, and over seventy thousand dollars have been paid for losses. Having increased our business during the past year, we feel grateful for the liberal patronage bestowed upon the Company thus far, and for its flattering prospeets of future usefulness. The Directors hope and believe, that, by prudence, caution, and a rigid system of economy, they will establish for this Company a reputation for cheapness and safety not surpassed by any Company in the U. States. All differences in settlement of losses, may be determined by three disinterested arbitrators of the County where such loss happened, to be mutually chosen by the insured and the Company.

WHITE SULPHUR WATER FROM THE WHITE SULPHUR SPRINGS, GREEN-BRIER COUNTY, VA .- The long established reputation of the WHITE SULPHUR SPRINGS AT THE DISPOSAL OF THE AGENT AT PHILADELPHIA, for the cure of Chronic diseases, renders comment upon their medicinal efficacy unnecessary.

For many years the waters of these Springs have been transported and used by persons at their own homes, and, experience fully testifies, with the same beneficial effects that have resulted com their use when drank fresh at the fountain These waters are gently APERIENT and very ecidedly ALTERATIVE. Their great forte as a remedy, and the quality above all others that has given to them their high reputation, is their alterative power, or their peculiar operative influmees, by which they stimulate Glandular secretions, resolve Chronic inflamations, overcome ob structions in the smaller vessels, and throw of norbid accumulations from diseased organs, thus producing the alterative or profound changes de-

manded in almost every case of Chronic disease. As an APERIENT and ALTERATIVE, the range of diseases to which they are applicable will be apparent to medical men - such for instance, as Chronic affections of the Stomach, Bowels Lieer, Kidneys, Skin, de., de. Upon the functions of the organs generally, they exert marked effects, stimulating those that are inactive, and establishing healthy secretions in such as have departed

from a normal condition. In DYSPEPSIA and in Chronic irritations of neons cout of the Stomach and Bowels, they are imployed with the happiest results. In the various forms of LIVER DISEASE their superior efficacy has been long and firmly

CHRONIC DIARRHEEA is often cured by them, after other remedies have been ineffectually they are well adapted. In the several forms of KIDNEY and BLAD-

DER AFFECTIONS, unattended with inflamation, they are very serviceable. To the secent forms of CHRONIC OBSTRUC. TIONS, &c., peculiar to females, their alterative influences are often eminently useful. NEURALGIA and the various account discuses when they are the result of organic derangements,

are treated with great success by these waters. In CHRONIC RHEUMATISM, their known efficacy is coeval with the early history of the Springs. As a palliative of a most excellent effect in GOUT, their value has been long appreciated. In MERCURIAL DISEASES, and that pecu-

liar affection that results from the abuse of Merca cy in syphilatic affections, a full course of the Wa ter stands unrivalled in its curative powers. Zor Pamphlets descriptive of the medicinal baracter and applicabilities of the Waters tur nished gratis, on application to the Agents. These waters, securely put up at the

Springs in glass bot'les, are now being regularly urnished to the Agents in Richmond, for the supply of the general public. To prevent imposition, each bottle has the words, "GREENERIER WHITE SULPHUR WATER," blown in the glass, without which none

MISCELLANEOUS READING.

FUN IN POLITICS. OREGON-JOE LANE-IN MEMORIAM .- Bush, who edits the Oregon Statesman, and "had a hand" in the late political struggle, mournfully commiserates Lane's defeat after this

"Never more shall we have the esteemed

privilege of grasping the ever-proffered hand, and receiving the hearty 'God bless you' of ancient Joseph. * * * * * * * 'Nary' nother time' shall we gaze with irrepressible wonder and admiration, upon the dilapidated tile which was wont to protect that venerable brow from sun and storm, or the modest, old-fashioned, shadbellied coat, with rusty brass buttons, wherewith he adorned his stalwart frame on electioneering occasions, or the antiquated waistcost, or the inexpressibles posteriously patched with buckskin, or the short black pipe, or the gold-headed cane, 'presented by the President,' or the other paraphanalia of demagogism wherewith he so long and so successfully astonished and deluded his 'beloved Oregonians.' Never again shall we open our ears and hold our breath, while in his peculiarly modest language and manner he tells us how Frank Pierce slapped him on the shoulder and asked him to take a seat in his cabinet; how he dined and supped and slept with Old Buck; how Steve Douglas wished him nominated at Charleston for the Presidency, and promised to stump thirteen states for him; how ladies visited his rooms and drank champagne with him; how the sweet creatures begged for his daguerreotype, and wrote verses to him; we take a melancholy pleasure in remembering all these interesting particulars; -never more shall we hear them again from the truth and

wisdom-speaking lips of ancient Joseph." Speeches.-Colonel S-, of the Royal Marines, was always distinguished for the perspicuity and brevity of his speeches, of which the following, which was delivered on going into the battle of the Nile, is a specimen:-Sir James Saumarez, who commanded the man-of-war to which he belonged. had, in a lengthened speech, wound up the feelings of his hearers to the highest pitch of ardour for the fight, by reminding them of the duty they owed to their king and country; and last, though not least, he desired to call to mlnd their families, their parents, and sweethearts, and to fight as if the battle solely depended on their individual exertions. He was answered by looks and gestures highly expressive of their determination; then, turning to our hero, he said, "Now S-, I leave you to speak to the marines." Colonel S-immediately directed their at tention to the land beyond the French fleet. "Do you see that land there?" he asked .--They all shouted, "Ay, ay, sir!" "Now, my lads, that's the land of Egypt; and if you. don't fight like devils, you'll soon be in the house of bondage." He was answered by a

real British yell, fore and aft. THE Two SEXES .- There is nearly always something of nature's own gentility in all young women (except indeed, when they get together and fall a gigling). It shames us men to see how much sooner they are polished into a conventional shape than our rough masculine angles. A vulgar boy requires Heaven knows what assiduity to move three steps, I do not say like a gentleman, but like a boy with a soul in him; but give the least advantage of society or tuition to a peasant girl, and a hundred to one she will glide into refinement before the boy can make a bow without upsetting the table .-There is sentiment in all women, and that gives delicacy to thought, and taste to manner; with men it is generally acquired, an offspring of the intellectual quality; not as

with the other sex, of the moral.-Bulwer Lytton. Z-O- PUBLIC MEETING .- The citizens of Alexandria are earnestly requested to attend a meeting, to be held ON FRIDAY EVENING NEXT, August 3rd, at 8 o'clock, at LYCEUM HALL, in reference to a FAIR and EXHIBITION of the Potomac, Piedmont and Valley Agricultural Society, in this place, the ensuing autumn. I ILLIE'S CHILLED AND WROUGHT IRON BURGLAR AND FIRE-PROOF SAFES, with his improved combined Permutation and Combination Locks, have merits that deserve the attention of every business man.
